**Confidentiality & Consent**

All client information is held in the strictest of confidence. Results will not be given to anyone else unless specifically instructed to do so.

However in support of members of the agricultural community that are making an effort to extend the life of the wheat midge tolerant trait we have been asked to provide the results of this test to the following:

- 1) The Grower
- 2) The Canadian Seed Growers Association
- 3) The Seed Distributor

By signing here, you are authorizing us to release the information to the parties listed above:
