Selected Conditions / Conditions Choies (Continued/Suite)

Must be clean and free from soil and regulated weed seeds and other regulated pests.

The permit holder must inform the Canadian Food Inspection Agency (CFIA) of any pests and/or signs of living pests found on the imported material. Importer is responsible for containment and clean up costs of spills of infested material. Imported material infested/infected with regulated pests of concern to Canada may be destroyed or released to the importer under appropriate safeguards (i.e. treatment).

Imported material is not for sale or distribution; for research and testing/analysis only.

Research to be conducted only in a greenhouse or growth chamber where quarantine isolation from local hosts is maintained.

The Importer must keep a log book of all imports and their status (e.g., planting location, grown, analyzed, destroyed) and this log book must be made available to a CFIA inspector upon request.

Note: Import conditions in this permit pertain to the Plant Protection Act and Plant Protection Regulations only. It is the importer's responsibility to ensure that commodities covered by this permit also comply with the requirements of other acts and regulations.
